Text: Elementary Differential Equations by W. Boyce, R. DiPrima, D. Meade 11th edition

Classes: You are expected to attend every class and to bring your textbook. You should read the covered sections in the book and attempt to solve some of the problems in preparation for each class.

Homework: Homework (both the reading and the exercises) should be completed by the next class after it is assigned. Homework will be collected on Thursdays and each homework will be worth 20 points. Homework is a major part of the learning process in Mathematics. It is essential that the students work on the problems regularly. It is your responsibility to seek help on all problems that you cannot do. Help is available during office hours or by appointment with me.

No late homework will be accepted.

Exams: If you have a valid reason for missing the exam, you should discuss it with me BEFORE the exam. There will be NO MAKEUP EXAMS or HOMEWORK!

The exams will be held during regular class time on the following dates:

Exam I February 20th,

Exam II April 12th,

Final Exam May 8th, **1:30 - 4pm**

Grades: Your grade for this course will be determined by the number of points that you accumulate. The points are distributed in the following way:

Homework	200 total pts	20 %
Exam I	200 total pts	20 %
Exam II	200 total pts	20 %
Final Exam	400 total pts	40 %

The highest possible total is 1000. A total of 900 points will guarantee an A, 800 a B, 700 a C, and 600 a D.
